Cosmic 927R

Cosmic 927R strips wide ranges of insulation materials and wire sizes with its rotary head that's equipped with standard carbide blade. Its twisting function as well as rotating direction, and rotating time changers ensure the versatility crucial for today's diversified cable stripping.

Technical Specifications

Wokable Wire Size :	AWG#10 ~ AWG#36
Stripping Length :	1.0 - 25.0 mm
Partial Stripping Length :	Min. 2.0 mm
Stripping Diameter Increments :	Min. 0.01 mm
Cycle Time :	Min. 1.5 sec. (Adjustable)
Cable Type Workable :	Vinyl, Glass-Sheath, Eco cable, etc.
Blade (2 blades) :	Carbide
Power Supply :	AC 100V - 240V (60VA)
Net Weight :	8.4 kg
Dimensions (LxWxH) :	400 x 131 x 218 mm

Special Functions

- **Conductor twist or non-twist**
- **Rotation direction**
- **Rotation time**

Options

- **Air-Blow**
- **Foot Pedal**
- **Flat Grippers**
- **Flat Diamond Grippers**
- **Twisting Adaptor**

(Specifications subject to change without notice.)

Note : Recommended to conduct a sufficient pre-purchase test, as exceptions may apply to some cable types.
